

Annie

It was six months after the mumball gamorandum and Annie was happily walking into the fantasy temple ever since the gamorandum Annie had been only reading fantasy, before the game Annie could only read non fiction she hated it. She had taken a interest in fantasy she loved all the amazing things that happened in them. She loved fantasy so much that she had volunteered to be in a science experam. to give humans super powers. She was so excited that she did not look when she was going and triped over a rock and dropped her boots into the snow. "Shoot!" Annie said. She quickly picked them up and ran into the temple everyone participating in the experamnet was there Maddi, Mr. Bruff (who had returned to ~~Brufftopia~~ Brufftopia) Laila, Alice, Arite, Alex, Chole and Franca. Annie quickly got in line with them. The Scientists had them step into a big machine and closed the doors once in side everyone was quite. Blue smog filled the room. Annie closed her eyes and

took a deep breath and felt a sharp pain in her back and passed out.

★

once everyone came to the scientist started testing them. Mr. Bruff could shoot energy blasts. Laila could control shadows. Alice could fade into shadows. Mabbie had super speeds. Annie was so excited about her powers that she could barely speak. her powers when to fly control water and to breathe under water. ^{but could not} Soon everyone was using their powers ^{in a hole water under} a ^{like in a rocket} ^{both} ^{missile} ^{shots} from Mr. Bruff destroyed the machine. Soon the whole world ^{heard} about the supers and paper came to ^{bruff} just to see them. But soon problems started some ^{supers} when more famous than others and the ones that when less famous got resentful of the famous ones, they did not talk to them and
