**SPIKE FURIOUS** by Artie

Spike furious  
Made from blue tissue paper  
As soft as a pillow  
Her horn is as shiny as a crystal  
Her horn is made from shells  
As smooth as sand  
Calls Alex (the-Alex)

She is as blue as the ocean she is  
as fast as a jet

Alex will take care of her

Forever.

**Simber** by Alex Lho

The big cheetah fly's in the sky.  
It sees the ocean.  
CRACK! CRACK!  
Lighting flashes in the dark sky.  
BOOM! BOOM!  
Rain and a lot's of rain come  
from the sky.  
The cheetah began to fly faster  
and faster.  
He finds an island and rests their  
until the next morning.  
When it's sunrise the cheetah  
began to fly.

### The Battle

Spells, Old rusty guns.  
Quill and artime battling  
Spell that can heal, attack and  
shield them.  
Old rusty guns shoot but not very  
well.  
Doesn't aim well. But kills people.  
Spells and old rusty guns. The  
battle is going on.

### **Read the 3<sup>rd</sup> book of the Unwanted** by Solai

Read the 3<sup>rd</sup> book of the unwanted. But first read the 1<sup>st</sup> and 2<sup>nd</sup> book of unwanted. In the 3<sup>rd</sup> book of the unwanted it is mysterious, exciting and Alex meets new friends. It is really cool and sad at the same time. It was sad because they saved friends that didn't have enough food. The cool part is that they rebuilt artime. Hope you read it!

It talks about when artime loses the war and they have very little food. They have to find a way to rebuild artime. They also now know that Mr. today is dead so now without his help they have to rebuild artime without his help. The only thing that Mr. today left was this note that Alex found. They tried to figure out what it meant but they couldn't. They found these people called Sky and Crow they were from Warbler Island. Also warbler people kidnapped Lani and Sam heed and they are making a plan to get them back to artime.

I strongly suggest you to read the 3<sup>rd</sup> book of the unwanted.

### **Book 4** by Artie

Is your book boring? Are y falling asleep in the middle of your book. Then read the 4<sup>th</sup> book of the unwanted. first read the 1<sup>st</sup> , 2<sup>nd</sup> and 3<sup>rd</sup> books in the series.

It has magic in it. For example when Kitten sacrifices herself to save someone else's life after a while she comes back to life. There is also a wait- never mind about that. There is also a giant on the island of legends. Alex and his crew go to the island of legend.

The book also has EVIL ha ha haaaa!! For example PIRATES! Also there is a tiny battle against Quill and Artime`! and there is a giant eel. That's all I am going to say about him.

And the most important thing is that there is CREATIVITYJJJJJJJJJJJJJJJJ for example an octopus/alligator named Ms. Octavia. There are also statues that could move and talk like they were human. And of course there are spells for example the seek spell, heart attack spell, dementia spell, scatterclips, the paintbrushes, the pichollo and a whole lot more.

#### Word box:

**Seek spell** – the seek spell is a spell where you touch someone else's thing (it could be anything of there's) and say the word seek then a yellow ball comes out of nowhere and goes to the person that the thing that you said the word seek with belongs to and it also leaves a yellow trail behind it.

**Heart attack-** the heart attack spell is when you make a heart out of clay and then you throw it at your enemy and you yell HEART ATTACK at the same time then the clay heart gets wings and fly's at the enemy's heart then it hits the heart and your enemy dies.

**Dementia spell-** its where you make a brain out of clay and then you throw it at your enemy and at the same time you yell dementia and then the brain fly's to the

enemy and then hits them in the head and the enemy's head turns 360 degree angle and then after it untwists the enemy will be confused about where they are and why they are there.

**Scatterclips-** scatterclips are only paper clips that are bent into triangles. You throw it at your enemy and the scatterclips catch on to the enemy's clothes and drags them to the nearest

### **Being Unwanted** by *Artie*

I lived in Chigago but soon we had to move to Lexington MA I had to leave my school my friends. I had to start a new life. In spring in kindergarten I was new to this school. When I was new to this school no one wanted to be my friend and I was lonely. Whenever I walked up to someone they would just walk away it is like no one wanted to play with me or be friends with they did not even want to be close to me. Whenever they left me alone there I always felt sad like there was no one in the world wanted me. No one wanted to be my friend because they thought that I was going to be weird and they didn't know what I was going to be like. I was Unwanted!

Something similar happened to Alex Stowe.

From the Unwanted series. When he was in quill and he was thirteen years old. (All 13-year-old go to purge and they put those 13-year-old people into 3 categories. Unwanted, Wanted, Necessaries. I think you know what they mean.) So Alex was sent to the unwanted group so he felt a like no one wanted him. That's how I felt in kindergarten. Unwanted alone and lonely.

That's is how me and Alex felt when I was in kindergarten and when Alex was at the purge.

Mr. Today Unwanted are supposed to be killed and wanted are people who go to University and study. Necessaries are people who farm. There is a place called The Purge. That's where they split up as Unwanted, wanted, and Necessaries. Alex's friends and Alex are Unwanted. Alex's brother is wanted.

The unwanted go in a bus to the Death farm. So when they got there they meet this guy named Marcus today (Mr. Today). "How does it feel to be eliminated?" He asks. So he brought us to this place called Artime. So when they entered it was huge. So Mr. Today said "to one of my friend's Meghan"

"your brother wrote a letter to you." She said "ok." When they went to the kitchen they saw a blackboard and a head pop out and said to

Meghan “do you need any help?” Meghan said “Yes, where is my brother Sean?”

So the blackboard called Sean and the all saw Sean and they all talked and after they started taking classes Lani said to Alex I have one more class to go how about you? Alex said no this is my last class. This is weird Lani Said. So after a few months they put Alex in the class that he was missing and he made this spell called the heart Attack Spell and it was a releasable spell.

There is something called a releasable spell and a non-releasable spell. A releasable spell is when you can take the spell out of the person you hit. A non-releasable spell is when you can't take it out of their body and they will die.

### **SPELLS** *By Alex Lho*

Alex and his friends create spells and then cast them. They do it in all sorts of ways. They mostly use their spells in battles. They just keep making new spells, so they never run out. One day, Alex and his friends where making new spells, then they heard a BIG noise coming from the other side of the mansion. They saw a boy just like Alex casting spells around the mansion. Alex cast a spell at him to make him not see what he was doing, then he was going to cast a heart attack spell, but instead he cast a freeze spell on his arms and legs so he wouldn't move.

Alex told the person what was his name and why was he destroying Artimes mansion. He said, “Aaron the leader of Quill, ordered me too destroy your mansion and my name is Tylor”.

“So your from Quill”, Alex said. “Yes and why do you worry about that? “It's because Aaron is my brother and enemy, and we where fighting Quill for a really long time”. “I already know that, but I never thought Aaron and the leader of Artime would be twins!”, Tylor said.

“By the way my name is High Priest Alex and you should get out of here before we destroy you”, Alex said. Lani pulled Alex over. “Alex look at this guy. He has so many spells in his bag. “So”, Alex said. “Don't you see what's going on. You wanted to have a another team member who is really strong and has a lot of spells. This guy is perfect for the team, but the only problem there is, is that he's in Quill's side”, Lani said. “I'll have a talk with him, Alex said.

Alex and Tylor had a private talk. Tylor wasn't sure if he could do that, so Alex told Tylor all the good things that he would do for him. Tylor was amazed what he heard from Alex. Tylor said he will join Alex!

Tylor said he was going to show Alex his spells. First he had this spell called the rage spell. When you cast it yourself, you become stronger, faster, and bigger. Another spell he showed to Alex was the freeze spell. It can freeze up to 5 people. The last spell was the sleep spell. It makes anyone asleep. “ Those are some good spells you have their”, Alex said. “Thank you”, Tylor said.

When Tylor joined Alex's group they where undefeated. They where winning wars and battles, protecting Artime from Quill, and mostly casting spells.

### **Falling into Artimé**

*By Artie Oganezov*

“Yes!” I yelled “we are going to the store to get the unwanted's series. I went to the car with my mom , we went to barnes and nobles to get the series. We finally got there. While I was looking for the series my mom went to the adults section. Finally I found the series . I went to the cashier and bought the series with the \$50 my mom gave me. Suddenly the cashier said something weird “be careful with that book ,

because you will get stuck to that book like a fish on a hook, then you will get sucked up like a vacuum cleaner sucking up a nook, and if you do not get out of that book in 10 hours you will stay there... forever." Said the cashier "hmmm" I said "where you talking to me" I asked the cashier "YES I WAS TALKING TO YOU!! Yelled the cashier "you make no sense" I said "anyway I still have to go to my mom she must be worrying about me" I said and indeed she was "what took you so long" she asked me "well the cashier said something weird here is what he said wait you no what I will tell you at home okay" I said "okay" said my mom and we went back to the car

When we got home we both forgot what the cashier said. So I jumped on the couch and started reading. When I was about somewhere close to page 184 I wanted to do something else, but when I tried to close the book I could not close the book so then I tried taking the book of my

hands but I still could not, it is like the book is stuck to me (which it was).

I started panicking, then suddenly I felt a gust of wind and it was coming right from the book. Then the wind picked up and the book started pulling me into the book. I fell into the book. About 1 minute later I fell somewhere. I stood up and I saw a lot of people starring at me like they just saw a ghost. Suddenly someone walked up to me. "hello my name is Mr. Today it seems like you are confused and that you fell out of nowhere so come with me and ask me as many question's as you want" Mr. Today said so I followed him then I started asking questions rapidly" where am I why were they starring at me like that how do I get I out of here" I asked Mr. Today "slow down" said Mr. Today "ok so where am I" I asked "you are in artime" said Mr. Today " how do I get out of here" I asked "the way you get out is you

learn at least 4 spells then you just have to do them outside" said Mr. Today " so lets get started " I said so Mr. Today introduced me to 4 people Alex, Meghan, Lani and Samheed each of them taught me 1 spell Alex taught me how to use scatterclips, Lani taught me how to do the seek spell, Meghan taught me how to use the piccolo and Samheed taught me how to do the dementia spell. 9 hours and 59 minutes past so I only had 1 minute left so I

did all of the spells when suddenly a portal appeared and I did a few quick goodbyes and the portal sucked me in. about a minute later I was back on the couch with the book in my hand it was the same time the same everything. The next day I told my friends about going to artime. I always remembered that moment that time for the rest of my life.
